## Rescue training in the rain

Written by Nikki Mitchell Tuesday, July 02, 2013 12:54 PM -

Members of Iron County Search and Rescue remove the doors and windows of a car during a training exercise on a rainy June 27. They were assisted by the Caspian-Gaastra Fire Department. The cars were brought to the scene by John's Industries-Axle Auto Parts and staged for the training session behind the fire hall in Caspian.\_\_PUBLIC\_\_
